

*Krystle Warren Lyrics*

*« Canyon Lady »*

*You got that kind of beauty that takes my breath away  
But you knew that anyway didn't you  
Sasha, i bed you did  
Anyway, Canyon lady in your city retreat  
When you're leaving  
I was wondering if you could*

*Take me  
On a journey*

*Take me far away  
Far away  
Far away*

*You can play me julie-o a million times  
Every single time succeed in blowing my mind*

*You got that kind of beauty that takes my breath away  
Love to have that kind of beauty  
But it belongs in your face  
And your ways  
But I love you*
