

*Krystle Warren Lyrics*

*« I Need You »*

*I'm walking to your place, babe Hope you forgave what I said*

*I need to touch your face*

*Babe I need to lay in your bed*

*I'm not playing around anymore*

*I'm not playing around*

*Your lover's a mess, babe and seldom is right*

*But she'll crawl on her knees*

*Babe To sleep here tonight*

*I'm not playing around anymore*

*I'm not playing around*

*Solo*

*I think a lot of things, babe*

*Once in a while they're true*

*I'm standing on your doorstep, babe*

*Because I think I need you*

*I'm not playing around anymore*

*I'm not playing around*
