

Krystle Warren Lyrics

« Joy »

Harlem heat high 93

*Schools out in the streets Lennox 116
Way of life, Afro beat Radios blaring soul*

Young cats in Kangol Daddy's girl on the stoop

Thinks she's looking cute

Children run cash in hand

Chasing ice cream man Summer time in the neighborhood

*Such a Joy to see my people live Such a Joy
Such a Joy to see my people live Such a Joy*

Living dream in the sun

See myself in everyone

Seven loads on every road

Shake a hand woman and man

Young cats in Kangol Daddy's girl on the stoop

Thinks she's looking cute C

children run cash in hand

Chasing ice cream man Summer time in the neighborhood

*Such a Joy to see my people live Such a Joy
Such a Joy to see my people live Such a Joy*

SOLO

*Such a Joy to see my people live Such a Joy
Such a Joy to see my people live Such a Joy*

ad lib.. Living dream in the sun See myself in everyone
